PEOPLE, PLANNING & PROGRESS

WHO WE ARE

KS Solutions Consulting partners with nonprofits and government agencies to navigate growth, change and collaboration with clarity and intention. We partner with boards, leaders and teams through facilitation, training, consulting, fractional support and coaching.

We help teams strengthen leadership, improve collaboration and create practical, achievable plans for the future.

Our work is grounded in diversity, equity and inclusion and centers workplace wellness. We offer practical support, clear strategies, and insights shaped by 15 years of experience working alongside mission-driven organizations.

Our approach is straightforward and relationship-centered, built on trust, skill-building and accountability, helping organizations move forward with confidence and tools to thrive long after our engagement ends.
